(Click here for a flyer to print and share)
Deadlines (Don’t Miss These Great Opportunities!)

THRIIVE AT WORK

April 14 - Deadline to Apply (extended)
ThriveAtWork Training (New York City)

ThriveAtWork is a free Peer Specialist training program that will prepare hundreds of New York City peers for the NYS Peer Specialist Certification competency tests, also while supporting peers who are new to the field. There are various training tracks to match the trainee’s relevant education and experience.

The next class starts on April 17, 2017.

ThriveAtWork is provided by Community Access, which has been at the forefront of peer workforce development for more than 30 years – and Howie the Harp Advocacy Center in Harlem is recognized nationally as the gold standard in job training for people with mental health concerns. Building on these strong foundations, and in collaboration with Services for the UnderServed (SUS), this training is a key component of ThriveNYC, a comprehensive mental health plan for New York City launched by the Mayor’s Office and supported by the NYC Department of Health and Mental Hygiene.

Click here for a flyer about the training. | Click here to register or learn more.

(6 00 PM — 8 00 PM)

New York City Peer Workforce Coalition Summit
(RSVP by April 14.)
There has been a lot of discussion among peer specialists trying to determine if national certification is a good thing for the profession or would it get in the way of personal or professional achievement. A lot of ideas, organizations and plans are being discussed.

This workshop will examine the Canadian Peer Support Certification process from start to completion, along with the internal organizational structure and supports needed for the process. We will also share how Canada developed our National Standards of Practice for the Practice and Training of Peer Support.

- Participants will learn about the framework behind the Canadian National Standards;
- Participants will learn about the infrastructure and processes required for Peer Support Certification; and
- Participants will learn about the National Peer Support Certification process for candidates.

Wednesday, April 26, 2017 | 2:00 p.m. ET

Peer-Run Respites: Effective Alternatives to Hospitals

Description: Leaders of Peer-run Respites from around the country will provide an overview of Peer-run Respites and how they voluntarily engage people and offer a continuity of care which is often unavailable with traditional care and hospitalization. Success stories will be shared, along with reports from the latest research on Peer-run Respite effectiveness.

Moderator: Oryx Cohen, MPA

Presenters
- Steve Miccio – Executive Director, PEOPLe, Inc.
- Bevin Croft, M.A., M.P.P., Human Services Research Institute
- Daniel B. Fisher, MD, Ph.D. – CEO, National Empowerment Center, Inc.
- Jayme Lynch – Director of First Peer Support and Wellness Center in Decatur, GA
- Camille Dennis – Program Coordinator, SHARE! (the Self-Help and Recovery Exchange)
- Faith Boersma – Wisconsin Peer-Run Respites
- Roslind Hayes – Coordinator of the Peer Support, Wellness and Respite Centers (PSWRC)

Here’s a start (from the HAHA site):

**SMILE**

1. **Smiling Makes Us Attractive To Others**
   We are drawn to people who smile. They seem friendly & accepting. Angry or fearful faces e.g. frowns & scowls push others away -- but a smile draws them in and may bring a smile to their faces.

2. **Smiling Relieves Stress**
   Smiling can reduce stress even if you don't feel like smiling. Take time to smile when stressed. (click for more)

Webinar: Updates on the Peer Specialist Certification in New York State

Presenters:
- Tara Davis, Certification Coordinator, The New York Peer Specialist Certification Board
- Joseph Swinford, Office of Consumer Affairs, NYS Office of Mental Health.
- Amy Colesante, Executive Director, Mental Health Empowerment Project

There are many advantages of becoming a certified peer specialist. Such peers are recognized as being qualified to work with individuals based on “The Shared Personal Experience” paradigm. This recognized qualification is acknowledged by professional affiliations, state, and national legislation.

This discipline enables the opportunity for peer networking, in addition to involvement and impact through NYPSCB sponsored education opportunities and committee work enhancing professionalism in the field and becomes strong basis for employment hiring and professional advancement. Programs utilizing certified professionals to provide peer support services may be qualified to bill Medicaid.

The clients and the family members served become beneficiaries of continuously improved services brought about through standards of training and competency that
will meet standards required for licensing, accreditation, and third-party payers. These marketable credentials not only enhance the range of services delivered by the treatment process; they also provide opportunity to establish, maintain, and update the delivery of higher professional standards. This presentation will provide up to date information on Peer Certification.

Participate in Research!

--- Yale University ---

WHAT IS IT LIKE BEING A PEER SUPPORTER? WE WOULD LOVE TO HEAR YOUR STORIES.

WE ARE CONDUCTING A CONFIDENTIAL ONLINE SURVEY TO LEARN ABOUT THE CHALLENGES YOU FACE ON THE JOB AND WAYS YOU HAVE LEARNED TO DEAL WITH THEM.

YOUR INFORMATION WILL BE CONFIDENTIAL BUT SHARING YOUR EXPERIENCES (BOTH GOOD AND BAD) WILL BENEFIT THE FIELD.

THE SURVEY WILL TAKE APPROXIMATELY 15 MINUTES OF YOUR TIME. PLEASE FOLLOW THE LINK BELOW:

[CLICK HERE TO TAKE OUR SURVEY](#)

YOUR PARTICIPATION IS GREATLY APPRECIATED!

LARRY DAVIDSON, PH.D.
We are seeking people to complete a short survey for a research project investigating how people learn and use a program called WRAP to pursue recovery. This survey is part of a project to help us understand how to make WRAP more helpful and more accessible to more people.

For this survey, we are looking for people who meet the following criteria:

- Adults (at least 18-years-old)
- Graduated from WRAP programming within the past 6 months to 2 years
- Have experienced a serious mental illness

The survey will take approximately 20-25 minutes to complete. It begins by gathering some basic demographic information and then asks questions about WRAP, recovery, symptoms, self-reflection, problem-solving, and social support. Participation in this research project is completely voluntary. Once you complete the survey, you may choose to enter your contact details so that a $10 gift card to Target can be mailed to you.

To complete the survey, please click on the link below:
https://upenn.co1.qualtrics.com/SE/?SID=SV_cORpTb8JRIeT8BD

Thank you for your time and interest! You may also forward this email to anyone you think might be interested in taking this survey. If you have any questions about the survey, please feel free to contact one of the researchers involved in this project: Ryan Petros at petrosr@sp2.upenn.edu.

Recovery Oriented Services Evaluation (ROSE)

We are part of an advisory council for a national study of recovery-oriented practices in community mental health agencies and wanted to tell you about it. Maria O’Connell, Ph.D. and colleagues from the Yale University Program for Recovery and Community Health are conducting the first nationally representative survey of agencies such as yours and I thought you may be interested in participating.

We are looking for agencies to participate in this very important study that examine the links between recovery-oriented practices, organizational climate, and consumer outcomes.
This study focuses on community mental health agencies with the following characteristics:

1) provides outpatient behavioral health services to adults with serious mental illness,
2) offers access to 24-hour crisis services,
3) accepts adults with no insurance or offers a sliding fee, and
4) is state-funded or receives Medicaid reimbursement.

Taking part in the study:
Participating agencies receive a web link to a brief, anonymous survey for directors/administrators, direct care staff, and supervisors to complete. Each person who completes the survey will receive a $10.00 Amazon e-gift card for their participation. Agencies with multiple survey responses from directors and staff can also receive a personalized feedback report that summarizes their results, compares their scores to other participating agencies, and provides recommendations for how to promote recovery-oriented care.

The online survey consists of brief demographic questions about your role and work experience in the mental health system, followed by several questions about your perceptions of recovery-oriented care where you work. This confidential survey is completely online, voluntary, and will take about 15-20 minutes to complete. In reporting the data, information you provide will be aggregated at levels of the organization, community, and state and no information will be included that could identify individuals or responses provided by a specific person.

For more information about the study and to view a sample personalized feedback report, please visit http://medicine.yale.edu/psychiatry/prch/research/rose.aspx

If you would like your agency to participate, or have any questions about this study, please feel free to email Stephanie Lanteri at stephanie.sangsterlanteri@yale.edu and we will be happy to answer any questions and provide you with more information. Thank you in advance for your time and support.
