"Dating in the Age of Social Media"

This workshop, hosted by Billy Gamble, will feature a discussion on the possibilities and pitfalls of using Facebook as a dating tool in the age of social media.

Billy Gamble

"Billy Gamble was educated by Middletown Psychiatric Center and the State of New York. Where he failed miserably at the simplest tasks such as medication compliance, active listening and gaining insight into his "dis-ease". While transitioning out of Middletown PC for the last time (they've closed the facility to prevent his return) Bill was introduced to the fading Mental Patients' Liberation Movement and the fledgling Peer Service Industry. Today Bill lives in a NIMBY neighborhood as a community member, partner, proud parent and grandparent."
