Staying Afloat in Troubled Waters

COVID-19 and Peer Professionals' Experiences Within Communities of Color

NYCB is pleased to invite you to the first of four Zoom meetings that provide follow-up to the webinar you attended, "*Staying Afloat in Troubled Waters.*" Only participants from that webinar are being invited.

This first follow-up meeting will explore the impact of Covid-19 for peer professionals, specifically in Communities of Color. Future topics will address issues in Rural Areas; for Women; and in Varied Work Settings.

This first support meeting is designed to address some of the dynamics that people of color face as they work within their communities as well as assist non people of color in understanding how these elements impact the work of peer professionals. We hope you'll join our expert presenters and peer panelists for a supportive and meaningful Zoom group.

This meeting will not be an END to this discussion. NYCB encourages you to continue this conversation along with other interested individuals with the support of FRIENDS OF RECOVERY. They will provide information on their Facebook page about an upcoming opportunity for you to be a continued part of the conversation and the continued action that is needed to move the social recovery movement.
