Staying Afloat in Troubled Waters

COVID-19 and Peer Professionals' Experiences Among Women

ASAP/NYCB is pleased to invite you to the third of four Zoom meetings that provide follow-up to the webinar you attended, "*Staying Afloat in Troubled Waters*." Only participants from that webinar are being invited.

This week's zoom support session will explore the impact of COVID-19 for Peer Professionals' Experiences Among Women".

This upcoming support session is designed to address the challenges faced by Peer Professionals who are women and who are working with women. Some of the challenges to be explored include a lack of access to care, parenting/single parenting with increased isolation, the impact on self-esteem/self-worth as well as how women have been impacted by an increase in intimate partner violence during COVID-19. In addition, the panel will address some "silver linings" that have been learned during the pandemic and will share how they have attended to their own self-care/wellness during this challenging time.

We hope you'll join our expert presenters and peer panelists for a supportive and meaningful Zoom Support Session.
