## Salary

### Market Salary

This is Burning Glass's estimate of the average salary for job postings matching your criteria between Jul. 10, 2019 and Jul. 08, 2020 (Data not available after Jul. 06, 2020). Actual compensation may vary based on individual employer salary practices and experience.

#### How is it calculated ?

Market Salary is calculated using a machine learning model built off of millions of job postings every year, and accounting for adjustments based on locations, industry, skills, experience, education requirements, among other variables.

#### How is it helpful?

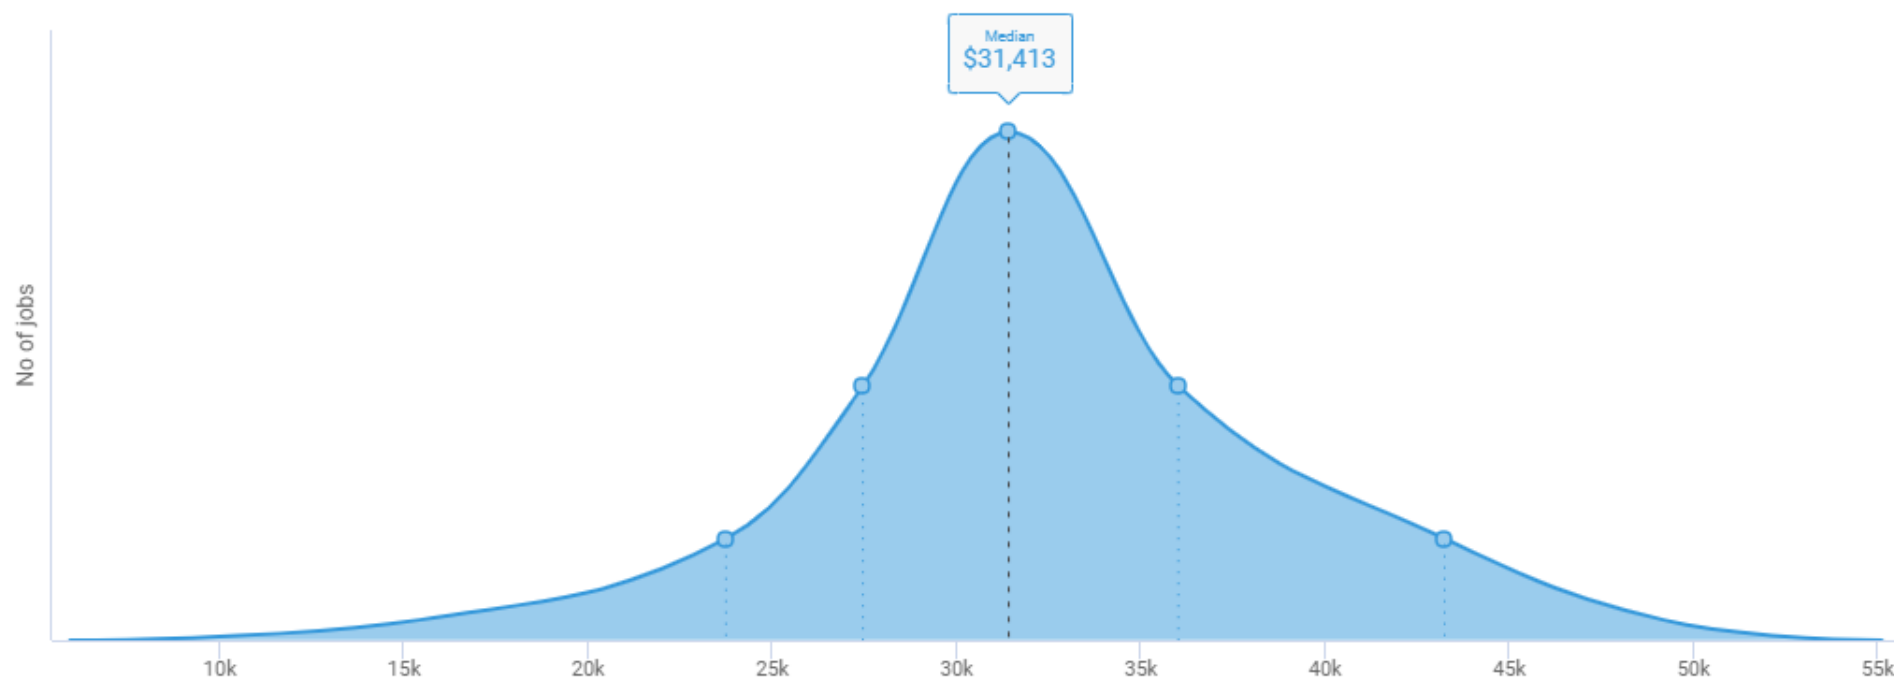

Market Salary provides insight into the likely salary of workers within a specific occupation, as well as further detail on the impact of additional skills on salary.
